

WEST AUCKLAND PARENTS CENTRE

Mother's Day 2008

Each year, West Auckland Parents Centre delivers gift baskets to Mums that are present in hospital on Mothers Day.

This year we were able to donate 30 gift baskets to lucky new Mums and babes. These included large gift baskets for the first baby boy and the first baby girl to arrive on Mothers Day itself.

Arriving at 12.27am on Sunday 11th May was our first Baby Girl, Ngaire. Following shortly after, at 12.33am was our first Baby Boy named William by his tired but delighted parents.

A big thanks to Amanda Walles for coordinating the donations for the gift baskets and also to the West Auckland Parents Centre committee members for helping put the baskets together and to deliver them.

Without the support and sponsorship from the businesses below, this event would not be possible. A big thank you (in alphabetical order) to:
